

**Job Title:** Permian Basin Junior Environmental Scientist / Engineer  
**Company:** KC Harvey Environmental, LLC  
**Industry:** Environmental Management Consulting and Field Services  
**Location:** Odessa, Texas

## Job Description

KC Harvey is a growing environmental services firm headquartered in Bozeman, Montana, with an office in Odessa, Texas, to support Permian Basin oil and gas operations. We are seeking environmental engineers and scientists to join our Permian Basin operations team. This is an excellent opportunity to use your consulting and technical skills to work on interesting environmental projects and to advance your career. The successful candidate will serve as a staff scientist/engineer working with a team on oil field environmental management projects, with opportunity to move into a project management role.

## Duties and Responsibilities

- Provide technical support on environmental projects for oil and gas clients in the Permian Basin of west Texas and southeast New Mexico
  - Spill response and soil/groundwater sampling
  - Spill Prevention Control and Countermeasures (SPCC) field inspections
  - Naturally Occurring Radioactive Materials (NORM) field surveys
  - Air quality field testing, inspections and monitoring
  - Wetland surveys and assistance with permit applications
  - Wildlife surveys
  - Assist with federal permitting (New Mexico)
- Conduct field work, collect field data and write technical reports
- Work with a multidisciplinary team in preparation of high quality client work products
- Plan, communicate, and execute projects safely, on time and within budget.

## **Required Qualifications**

- One to three years of experience in environmental consulting
- B.S. degree in environmental engineering or environmental / natural resource sciences
- Strong written and oral communication skills
- Well organized and have the ability to manage and prioritize several assignments
- Desire to work independently within a multi-disciplinary team
- Desire to provide excellent and innovative solutions to our customers' technical problems
- Self- motivated with a strong safety and work ethic
- Valid driver's license with satisfactory driving record

## **Preferred Qualifications and Experience**

- Oil and gas industry experience, particularly in the Permian Basin
- Engineer-in-Training or Geologist-in-Training
- Experience with CAD and/or GIS
- Expertise in SPCCs, air quality, NORM, and/or spill remediation
- Oilfield safety training (e.g., Safeland, OSHA, H2S, etc.)

## **Compensation and Benefits**

KC Harvey offers competitive compensation packages with the potential for bonuses. Salary is commensurate with experience and skills. Benefits include medical insurance coverage, life and long term disability, 401k, paid vacation, holidays, and sick time. Lodging may be provided as necessary.

## **Application**
