

ENVIRONMENTAL CONSULTING JOB OPPORTUNITY

Job Title: Permian Basin Environmental Scientist
Company: KC Harvey Environmental, LLC
Industry: Environmental Consulting
Location: Odessa, Texas

KC Harvey is seeking environmental scientists, environmental engineers, or earth scientists to assist with field assessment and remediation of hydrocarbon and produced water releases to the environment in the Permian Basin oil field in West Texas. Positions are full time, with benefits, and available immediately. **The position is based in Odessa, Texas. Candidates must be willing to relocate to Odessa/Midland, Texas.** This is an excellent opportunity to start or continue a rewarding and productive career in the environmental field.

Primary responsibilities include the following:

- Conduct field assessment of hydrocarbon and/or produced water releases
- Collect soil samples
- Map affected areas and other features using ArcGIS collector
- Evaluate soil laboratory results
- Report results

Employees who prove themselves may grow into a more advanced environmental consulting role over time, including the following tasks:

- Sample analysis and interpretation
- Environmental Phase I and due diligence assessments
- Spill Prevention Control and Countermeasures (SPCC) field inspections
- Naturally Occurring Radioactive Materials (NORM) field surveys
- Environmental permit preparation
- Assist on other environmental management projects involving soil, water, and air monitoring and investigations as needed.

Requirements for this job:

- **A Bachelor's degree in environmental science/engineering or related field is required.**
- A positive attitude and ability to learn quickly
- Good communication skills (written and verbal) and ability to work well on a team
- Willing and able to work outdoors doing fieldwork for long hours
- Map use and interpretation skills
- A high standard of safety
- A clean driving record
- Experience driving a pickup truck on dirt roads and in off-road environments
- Participation in pre-employment drug and alcohol screening

- Ability to relocate to Odessa/Midland
- Candidates with oil field experience, GIS experience, safety training, and/or coursework related to environmental aspects of soil, water, and air are preferred.

To apply, email a cover letter, resume, transcripts (unofficial or official), and a list of three references to careers@kcharvey.com. For more information about our company, please visit our website at www.kcharvey.com.

KC Harvey is an environmental consulting and field services firm headquartered in Bozeman, Montana, with regional operations in Minot, North Dakota; Odessa, Texas; Marietta, Ohio; Casper, Wyoming; and Washington DC.
