

## Mid-Level Environmental Scientist/Engineer

KC Harvey is an environmental consulting and field services firm headquartered in Bozeman, Montana, with regional operations in Minot, North Dakota; Odessa, Texas; Marietta, Ohio; Casper, Wyoming; and Washington DC. We are currently seeking to hire a mid-level environmental scientist or engineer for our operations in Montana. The position is full time and based in Bozeman, Montana, with required travel to other locations in the US for specific work assignments. Pay is dependent on experience and skills.

Projects and duties include:

- Storm water inspections, reporting, compliance, and maintenance
- Sampling of groundwater, surface water, and soil
- Mapping and inventories of soil and vegetation
- Reclamation planning and management for pipeline and powerline right-of-way soil
- Manage project staff on environmental projects
- Data management and reporting
- Client relations and project management

Applicants must:

- Have a Bachelor's Degree in environmental science or engineering or related field
- Have at least 5 years of experience in environmental consulting and field experience
- Have strong communication and technical writing skills
- Maintain high standards of safety
- Maintain a positive attitude and work well as part of a team
- Know how to use and interpret maps and GPS
- Have a clean driving record
- Participate in pre-employment drug and alcohol test
- Be proficient using word processors and spreadsheets (i.e. Microsoft Word and Excel)

Preferred skills and experience:

- Advanced degree
- Experience in hydrology, environmental chemistry, hydrogeology, and/or groundwater monitoring
- Experience with preliminary site conception models
- Familiarity with development and implementation of quality assurance plans and data validation
- Experience working with oil and gas, power generation and/or mining clients
- Strong knowledge of Federal and Montana environmental regulations
- Business development experience
- GIS and/or Cad experience

To apply, please submit a cover letter, resume and references to [careers@kcharvey.com](mailto:careers@kcharvey.com).

While this job description is for a position based in Montana, we are continuously recruiting and hiring the following types of people for all locations: environmental scientists, soil scientists, plant/weed/rangeland/forest/wetland ecologists, wildlife biologists, reclamation scientists and technicians, environmental/ chemical/civil/geotechnical/water resources engineers, geologists/geoscientists, construction managers, business/accounting professionals, safety professionals, as well as seasonal labor positions. Please feel free to submit your application to [careers@kcharvey.com](mailto:careers@kcharvey.com) for consideration for positions and locations other than the one described above.
