

ENVIRONMENTAL CONSULTING JOB OPPORTUNITY

Job Title: Permian Basin Senior-Level Environmental Scientist/Engineer
Company: KC Harvey Environmental, LLC
Industry: Environmental Consulting
Location: Odessa, Texas

KC Harvey is seeking a senior-level environmental scientist or engineer to develop and work on environmental consulting projects for oil and gas clients in the Permian Basin in West Texas. The position is full-time and requires working weekends on occasion. **Candidates must be willing to relocate to the Odessa/Midland, Texas area.** Compensation is dependent on experience. Additional benefits include PTO, health insurance, and 401K.

Successful candidates will have the following qualifications:

- Bachelor or Masters degree in environmental science or engineering or related field
- 10+ years of environmental consulting experience
- Oil and gas industry experience
- Experience in developing business with new and existing clients
- Experience in several of the following focus areas: spill remediation, SPCC, waste management, NORM, air quality, environmental due diligence
- Experience with federal and Texas environmental regulations
- Strong technical writing skills
- Ability to work outdoors for long hours
- A high standard of safety
- Experience using GPS for navigation and data collection
- A clean driving record and experience driving in off-road environments
- Participation in pre-employment drug and alcohol screening

Additional desired qualifications for this position include:

- Professional Geologist (P.G.) or Professional Engineer (P.E.) in the state of Texas
- Business development and project management experience, a “doer/seller”
- SafeLand, H₂S Awareness, OSHA 40 Hour HAZWOPER, and/or First Aid/CPR training
- Fluency in Spanish
