

## ENVIRONMENTAL CONSULTING JOB OPPORTUNITY

**Job Title:** Mid to Senior Level GIS Manager  
**Company:** KC Harvey Environmental, LLC  
**Location:** Bozeman, Montana

KC Harvey Environmental, LLC is an environmental consulting and field services firm headquartered in Bozeman, Montana, with regional operations in Minot, North Dakota, Rawlins, Wyoming, Midland, Texas, and Marietta, Ohio. KC Harvey is seeking a mid-level or senior-level GIS Specialist to lead a group of GIS technicians in providing spatial support for environmental consulting and field services projects. The position is full-time and generally does not require travel. Candidates must be willing to relocate to Bozeman, Montana. Compensation is dependent on experience. Additional benefits include PTO, health insurance, disability insurance, life insurance, and a 401(k) plan with employer match. Salary \$60,000-\$75,000 annually DOE.

### Duties include:

- Provide GIS support for ongoing consulting and field services projects (permitting, reclamation, weed management, soils, NEPA)
- Coordinate GIS activities with project scientists, clients, and other GIS staff at all KC Harvey offices
- Assist in developing standards and automated processes for project work
- Develop and implement data collection and management strategies
- Data analysis, presentation, and reporting
- Cartography support
- Assist with setup and implementation of field data collection protocols
- Oversee and mentor junior level GIS technicians.

### Successful candidates will have the following qualifications:

- 5-15 years of relevant GIS experience
- B.S. or M.S. in natural resource sciences, geography, or data science
- Proficiency with ESRI ArcGIS suite of applications and extensions including ArcGIS Pro
- Proficiency with ArcGIS online and development of dashboards
- Proficiency with ArcGIS Collector or other mobile data collection platforms
- Experience with data management strategies using cloud based platforms
- Experience with vector and raster spatial analysis
- Proficiency with Microsoft Word, Excel, and Access
- Excellent cartographic skills
- Excellent organizational skills
- Enthusiastic about learning, teaching peers, and finding new solutions
- Willingness to travel on occasion to assist field operations with data collection and management
